IN MEMORY

JOHN ABNER ROBINSON

Selectman of Hudson 24 Years

Representative to General Court 1905

Died December 4, 1950

TO THE CITIZENS OF HUDSON

During the year, it was found necessary to ask approval of the Budget Committee and State Tax Commission to exceed the budget appropriation by the sum of \$2,788.33.

This necessity was due largely to increases in commissions to the Tax Collector and Town Clerk's fees. Ambulance calls were 35% in excess of estimate, demands on Police Department and Highway Department during the spring mud season and the high wind and rain storm we had this fall, plus the unfortunate killing of five heifers belonging to the Morgan families by stray dogs, contributed largely to this over-expenditure. About fourteen stray and unlicensed dogs were shot along the river bank a day or so later by the Police Department.

We are happy to say that increases in commissions and fees, in turn, increase the estimated income to the town so that the town's surplus has increased considerably this year.

We want to take this opportunity to thank all the people, the other town officers, and employees for their fine cooperation during the year 1950.

THE SELECTMEN

YEAR 1951

The year 1951 will call for increased appropriations in order to maintain our standards.

The old Derry Road has been turned back to the town by the State. This road is in very poor condition, and will have to be taken care of immediately or it will go completely to pieces. This road also will require considerable snow fence, which we do not have. Representative Abbott introduced House Bill 63 to have the road reclassified and turned back to the State. A number of streets in town are in poor shape due to untimely thaws the last two winters, and should be resurfaced this year.

In order to do this work, we have inserted an article to purchase a loader. The loader will speed up operation of the Highway Department, and give us an additional snow plow which we now need.

We are moving the Fire Siren to the ball field to increase its coverage to the town in case of fire, no school, and the needs of Civil Defense.

We feel that you should give considerable attention to the Budget of both Town and School districts and appropriate sufficient funds to operate both efficiently. Articles in warrant should be given your thorough consideration, both from the standpoint of progress and welfare of the town. We should all remember that, outside the fixed amounts, the tax rate is determined by what we vote for at the annual meetings.

REPORT OF THE FIREMEN'S RELIEF ASSOCIATION

The Town of Hudson owns a lot of land next to the Hudson Speedway. This lot of land was used by the Firemen as a parking lot during the racing season. They had gravel drawn to fill some of the washouts in this lot, they insured it for safety, they paid the light bills on it, and they had a fairly successful season. These men deprived themselves and their families Sundays to run this parking lot.

In the past year these firemen have donated some 1700 manual hours for the interest of the fire department, and a benefit to the taxpayers of the Town of Hudson. Nine-hundred and thirty of these hours were put in on this parking lot and the balance was spent in the station on improving equipment. The townspeople voted to raise \$2,000 for a Truck Chassis. When it was bought they spent some of their money to complete this Tank Truck and have it painted and lettered. We Firemen and you Townspeople have a truck to be proud of.

They have bought a portable lighting system, some 250 feet of lighting cord, three lights, and water-proof sockets. This is all mounted on the Chevrolet truck that also carries the portable pump and 2000 feet of 1½" hose. This truck is known as Squad B Truck. This truck was equipped with single rear wheels, but they have fixed it over to dual wheels with wide fenders and wide step in the rear of the wheels. Our Firemen have spent a lot of time during the past year, running a carnival with the Hudson Lions Club, Sundays running a parking lot, and their Annual Ball to raise money so as to increase their relief fund. This money raised is to fall upon at any emergency, such as many of the accidents that can very easily occur to our Firemen going to and from fighting fires.

I very proudly wish to say at this time these men in the past year willingly saw fit to spend \$1144.00 from their Relief Fund.

FOREST FIRES — Our Most Shameful Waste

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU.

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

OSCAR P. CAMPBELL,
Forest Fire Warden

PLANNING BOARD

To the Selectmen and Voters of the Town of Hudson, N. H.

The members of your planning board respectfully submit the following as their annual report for the year ending Dec. 31, 1950:

During the year membership was taken in the New Hampshire and Zoning Agencies which should prove of material value in the mutual problems of this town and other communities in the state.

There have been no plans of the subdivision of land submitted for approval during the year.

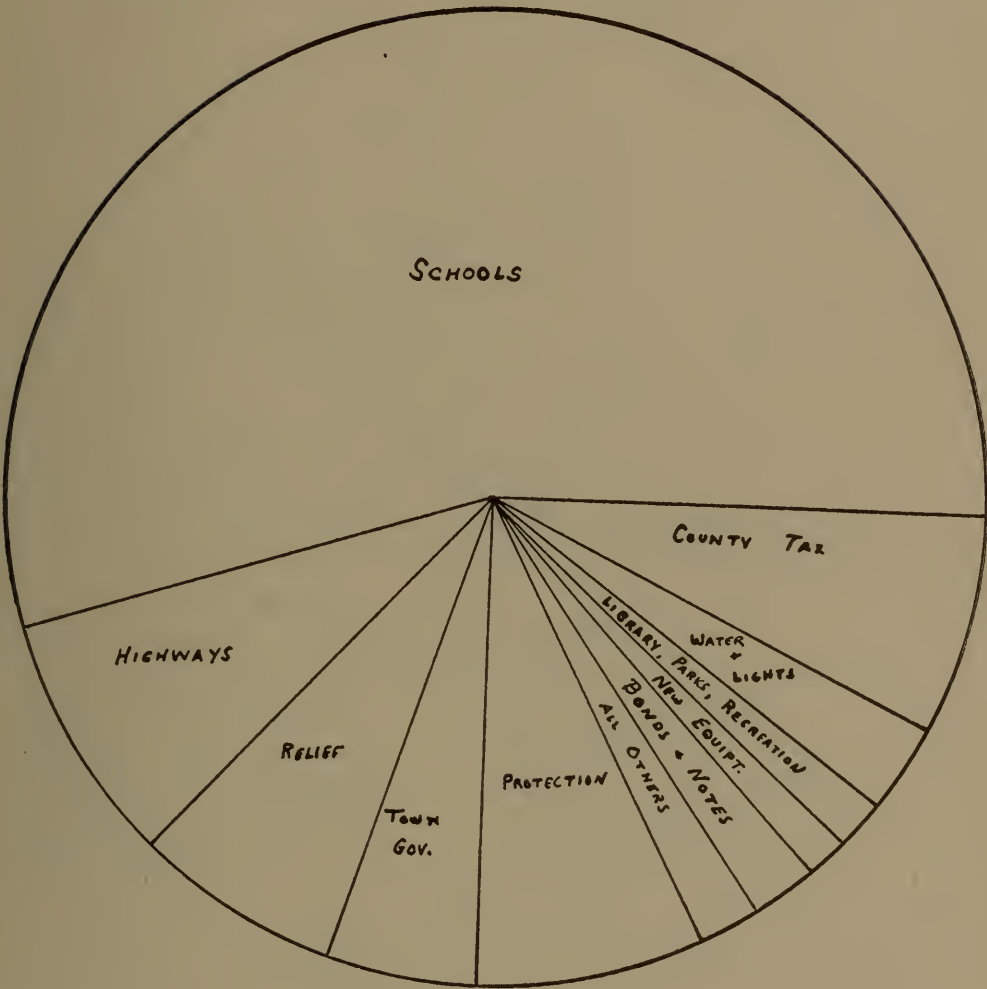

Several meetings with the Whitman & Howard engineering firm of Boston were held concerning the progress of the sewerage project which, due to present conditions, seems to be stymied again as no word has been received from the authorities on this matter.

A meeting with the heads of the Fire, Police, Recreation and Highway Departments was held for the purpose of obtaining ideas and needs for the improved operation of the various departments, some of which are here enumerated. For the Fire Department, a replacement chassis was recommended as necessary, to which approval was given because of the condition of one of the older pieces of apparatus which is no longer dependable. For the Police Department, the same problem of long standing has again come up: that of traffic at the approaches to the Bridge. Two plans of dealing with this situation have been suggested. One of a temporary nature would be the installation of traffic lights, seven in number, to cope with the situation for the present. It is, however, felt by all that a "traffic rotary" is the eventual solution to which end our efforts should be directed. The recreation committee chairman reported needs for the youth program which should receive the hearty support of the town. The Highway Department requirements were discussed at length but were not accepted in their entirety as being essential at this time.

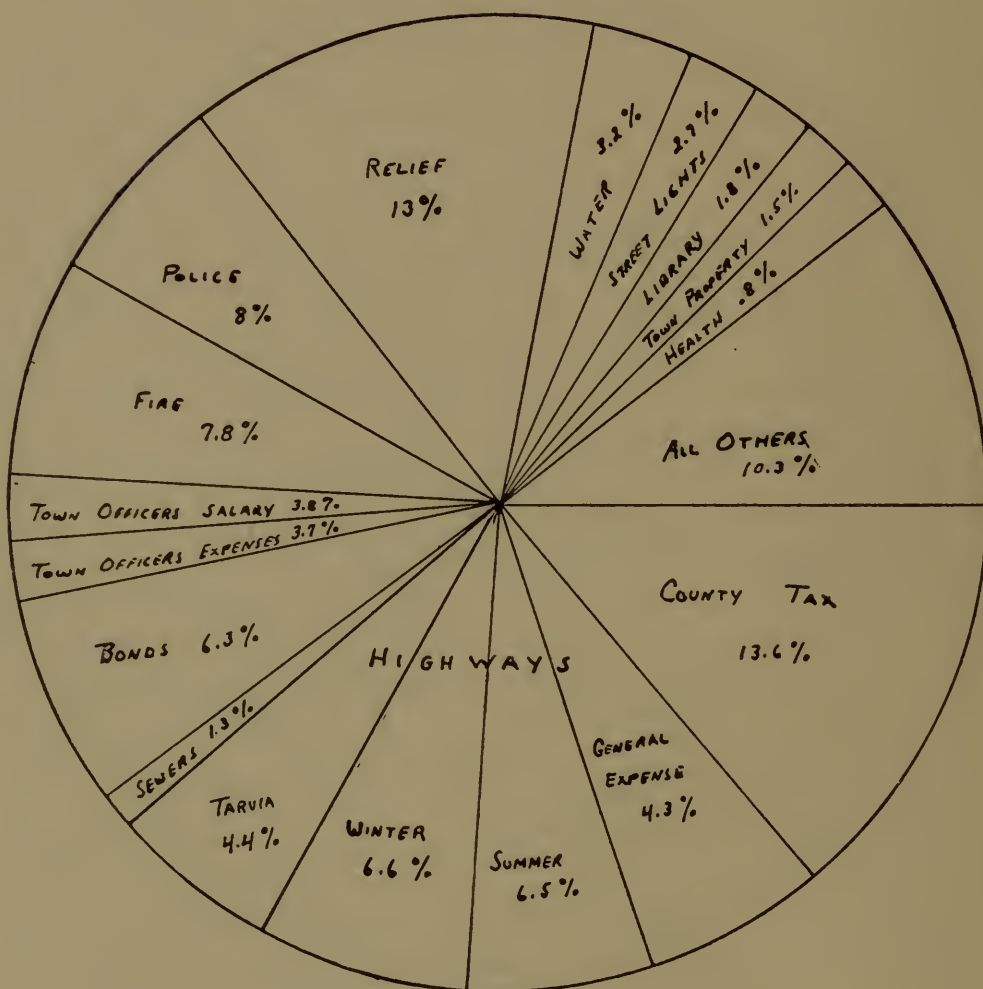

A major project which the planning board is working on with the able assistance of many interested citizens is the revamping of the Zoning Ordinance and Building Code. Numerous committees have been working for several months on this project and it is hoped that during the spring of 1951 a new code will be completed, ready for submission to the town. The new zoning plan will redistrict the town insofar as residential and commercial areas are concerned leaving a portion unclassified to be classified only as conditions require and cancelling out the industrial areas as not essential at this time. It will also contain a new building code which will more specifically stipulate the minimum requirements to be met in the construction of buildings of various types within the town. Plumbing and electrical requirements as set forth by the State of New Hampshire and the National Electric Code will be considered as a minimum. As soon as all of the details are ironed out, public hearings will be held that all may have a chance to be heard concerning the details of the proposed ordinance.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town

You are hereby notified to meet at the Dr. H. O. Smith School Auditorium in said Hudson on Tuesday, the thirteenth day of March next at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing for which purpose the polls will be open from 10 A. M. until 9 P. M. unless a later closing hour is voted by the Town.
2. To take such action as may be necessary for articles number 3 through 39 at 7 o'clock in the evening unless the town votes otherwise.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
4. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the pereptual care of the various cemetery lots.
5. To see if the Town will vote to authorize the selectmen to pledge the credit of the Town in anticipation of taxes.
6. To see if the Town will authorize the Selectmen to administer, pass title, or otherwise dispose of real estate taken by the Town for taxes to the extent of the right, title and interest of the Town therein.
7. To see if the Town will vote to rescind its action taken at the last annual Town Meeting relative to the method of disposal of property acquired by the Town for non-payment of taxes, such action having been taken by an amendment made to Article 5 in the Town Warrant of 1950.

8. To see if the Town will improve Riverside Avenue from Cross Street to Stanley Avenue, so called, and raise and appropriate \$750.00 for improvement of same upon petition of Peter J. Casper and others.

9. To see if the Town will vote to increase the wages of the regular employees of the Highway Department by 10 cents per hour.

10. To see if the Town will vote to abandon such portion of Route 3A that lies westerly of a line that is 33 feet distant westerly from the center line of the highway as now constructed, between the southerly line of land now or formerly of the B & M Railroad and the southerly line of land now or formerly of one Boilard.

11. To see if the Town will vote to accept Cottage Avenue from Grand Avenue to Summer Avenue and Summer to Newland Avenue upon petition of Richard Dumas and others.

12. To see if the Town will vote to raise and appropriate the sum of \$12,656.00 to purchase a Hough Payloader for the Highway Department. Said amount to be paid off in serial notes, \$1200.00 a year from highway appropriation and raise \$2700.00 a year for serial notes to be paid off in 1952, 1953 and 1954.

13. To see if the Town will raise and appropriate the sum of \$395.00 for the purchase of Tarvia to finish surfacing Adelaide Street to Ferry Street upon petition of Charles Guyette and others.

14. To see if the Town will vote to close all the following roads: section of Speare Road from Irving Smith Home to Kimball Hill Road, the section of road from Windham Road to Old Derry Road, section of Cuttler road from land of Sidney Baker Northeast to so-called New Derry Road, a section of road from Frog Corner School House to Lawrence Corner, and the Dugout Road.

15. To see if the Town will vote to accept and improve Philbrick Street from Lowell Road easterly to E Street as shown on Plan of Eayers Pond and raise and appropriate the sum of \$300.00 for the same upon petition of Orrin P. Moody and others.

16. To see if the Town will vote to require abutters and owners of land developments to bring new streets and roads to a sub grade acceptable to the Planning Board, Road Agent and Board of Selectmen before being accepted by the Town at an Annual Town Meeting.

17. To see if the Town will vote to raise and appropriate a sum not exceeding \$359.00 (1/100th of one percent of the Town's valuation based on the 1950 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in cooperation with the 37 other communities in this region, or act in relation thereto.

18. To see if the Town will vote to repair and otherwise improve Linden Avenue and Alpine Avenue as shown on plan of Hudson Terrace, said two Avenues commonly known as Alpine Avenue, and raise and appropriate the sum of \$300.00 for said purpose upon petition of John E. Deane and others.

19. To see if the Town will authorize the Selectmen to appoint a permanent Police Officer and raise and appropriate the sum of \$1800.00 for the remaining nine months of the year. Said Officer's salary to be \$2500.00 yearly.

20. To see if the Town will vote to raise and appropriate the sum of \$1200.00 towards the purchase and installation of Fluoride treatment system in the water system. Such system to be approved by the State Board of Health as per policy adopted January 26, 1951.

21. To see if the Town will vote to purchase a chassis for the use of the Fire Department and raise and appropriate the sum of \$2500.00 for the same.

22. To see if the Town will vote to install a street light on School Street at rear of Webster School and raise and appropriate money for same.

23. To see if the Town will vote to give a discount on property tax payments. Said discount to be 1 percent if paid within 20 days of date of bill and 1/2 of 1 percent if paid within 60 days of date of bill.

24. To see if the Town will vote to install 3 street lights on Webster Street, one on pole #50, one on pole #54, and one on pole #58 and raise and appropriate money for same upon petition of Zoula Rowell and others.

25. To see if the Town will vote to accept that portion of School Street running between Second Street and Third Street and raise and appropriate the sum of \$200.00 for improvement of same upon petition of Sylvio Morin and others.

26. To see if the Town will vote to give Highway Employees the following five Holidays with pay when they fall during a work week—New Year's Day, Memorial Day, Fourth of July, Thanksgiving Day and Christmas Day.

27. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the purpose of taking a Poll Tax Census.

28. To see if the Town will vote to raise and appropriate the sum of \$500.00 each year for the purpose of securing a tax map.

29. To see if the Town will vote to raise and appropriate the sum of \$600.00 to pay the expense of the Police Chief at the F. B. I. Training School in Washington, D. C.

30. To see if the Town will vote to have traffic lights installed at the intersections of Ferry and Webster Streets and Ferry and Central Streets and raise and appropriate the sum of \$2000.00 for the same.

31. To see if the Town will vote to improve the Burns Hill Road in the vicinity of the Town Dump and raise and appropriate the sum of \$200.00 for the same.

32. To see if the Town will vote to pave the street known as Hayward Place and raise and appropriate the sum of \$200.00 for the same, upon petition of Charles Burton and others.

33. To see if the Town will vote to raise and appropriate the sum of \$490.00 to treat the surface of Cummings Street with tar from the Derry Road to the Litchfield Road upon petition of Richard M. Burns and others.

34. To see if the Town will vote to accept the Lucier Park Road at Ayers Pond, upon petition of Nicholas Bouley and others.

35. If the Town votes in the affirmative on the above article number 34, to see if the Town will vote to raise and appropriate the sum of \$50.00 to improve the same, upon petition of Nicholas Bouley and others.

36. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of assisting in the resurfacing of Library Street to Central Street upon petition of Rev. John Belluscio and others.

37. To see if the Town will vote to raise and appropriate the sum of \$100 to install a flush type grill catch basin on the westerly side of Library Street between the property of Charles B. Farmer and Christopher Gallagher, upon petition of Rev. John Belluscio and others.

38. To see if the Town will vote to raise and appropriate the sum of \$250.00 for the tarring of Oakwood Street upon petition of Ernest Lyon and others.

39. To transact any other business which may legally come before the meeting.

Given under our hands and seal, this twenty-sixth day of February, in the year of our Lord nineteen hundred fifty-one.

**REPORT OF AN AUDIT AND EXAMINATION
OF THE ACCOUNTS
OF THE
TOWN OF HUDSON
MADE BY
THE DIVISION OF MUNICIPAL ACCOUNTING
OF THE
STATE TAX COMMISSION
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire**

AUDITORS REPORTS

October 3, 1950

Board of Selectmen
Hudson, New Hampshire
Gentlemen:

In accordance with the vote of the Town the annual audit and examination of the accounts of the Town of Hudson has been made by this Division. This audit covered the period from the date of the previous audit, August 22, 1949 to August 14, 1950.

SCOPE OF AUDIT

Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets:

Comparative Balance Sheets as of December 31, 1948 and December 31, 1949, are presented in Exhibit A. As indicated therein a change in financial condition of the Town amounting to \$11,135.91 took place during the year 1949, which started with a Net Debt of \$7,678.57 and closed with a Surplus of \$3,457.34.

Analysis of Change in Financial Condition:

The factors which affected the change in the financial condition of the Town during the year were as follows:

Decreases in Net Debt

Net Budget Surplus	\$5,323.43	
Long Term Notes Paid	4,000.00	
Bonds Retired	2,000.00	
Increase in Road Agent's Cash on Hand	3.13	
		<hr/>
		\$11,326.56

Increase in Net Debt

Transfer of Tax Titles to Tax Deeds	190.65
-------------------------------------	--------

Change in Financial Condition	<hr/> \$11,135.91
-------------------------------	-------------------

Summary of Receipts and Expenditures:

A Summary of receipts and expenditures for the fiscal year ended December 31, 1949, made up in accordance with the uniform classification of accounts.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Special Poll Tax — Excess Remittance to State — \$54.00:

This account has been carried as an asset item in the balance sheet since 1947. It represents an excess payment to the State by the Town on account of special poll tax collections in the amount of \$54.00. A claim should be filed by the Selectmen with the State Treasurer for refund of this overpayment to the Town.

Unexpended Appropriation Balance a/c Debt

Retirement — \$4,000.00:

It was noted that in each of the years 1948 and 1949 the appropriation for the retirement of long term notes was \$2,000.00 in excess of actual requirements. Therefore the unexpended appropriation balance of \$4,000.00, for the two years, has been included as an appropriation liability in the balance sheet.

Road Agent's Accounts:

It is our feeling that the present procedure relative to the payment of the Road Agent's payrolls could be improved. Payrolls are made out on a weekly basis and presented to the Selectmen for approval and issuance of a town voucher and check in payment thereof. Inasmuch as the Selectmen's regular meetings are held less frequently than on a weekly basis, it is not always possible to have these payrolls approved and vouchers and checks issued in the usual manner.

It is recommended, therefore, that one of the following procedures be adopted:

- (1) Selectmen meet weekly to approve Road Agent's payrolls and issue town orders in payment thereof.
- (2) Advance a working capital fund to the Road Agent to cover payrolls issued between Selectmen's meeting dates.

The Road Agent would subsequently be paid the amount of each payroll issued, as at present, and would be held accountable for the amount of the working capital fund at all times.

FIFTY-EIGHTH ANNUAL REPORT
of the
TRUSTEES, TREASURER and LIBRARIAN
of the
for the twelve months ending
DECEMBER 31, 1950

BOARD OF TRUSTEES

MAUDE FRENCH,	Term Expires March, 1951
J. AMEDEE PAUL,	Term Expires March, 1952
CHARLES C. PARKER,	Term Expires March, 1953

LIBRARIAN
HALGA H. DURIVAGE

It is further recommended that only payments for highway employees' wages and minor bills for materials and supplies be included on the Road Agent's payrolls. Such bills amounting to twenty-five dollars (\$25.00) or over should first be approved by the Road Agent and then submitted to the Board of Selectmen for payment by the regular town order and check.

Conclusion:

The accounts and records of the town officials which we examined were found in good condition and the accounting and financial procedure, with exceptions as herein indicated, conformed to the uniform system prescribed by this Division.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER

Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, *Auditor*

Hugh J. Cassidy, *Accountant*

John T. Flanders, *Accountant*

DIVISION OF MUNICIPAL ACCOUNTING

TRUSTEES' REPORT

Late in 1950 we secured the most recent edition of the Americana Encyclopedia. During 1951 we hope to be able to secure several reference books, especially for the use of our high school students. There is a great need for books of this type but our finances allow us to buy only a few each year.

We have had a selectmen's room partitioned off in the basement of the library where we formerly stored coal. When completed this will make an excellent place for all town records to be stored and also a place where the selectmen may meet at any time. An ever-increasing number of town committees and service groups are using the larger basement room. By the addition of this room it is possible for a greater number of towns people to use and enjoy the library.

To our librarian, Halga Durivage and our janitor, Lewis Marshall, we wish to extend our heartfelt thanks for their untiring service and hearty cooperation during the past year.

Respectfully submitted,
MAUDE E. FRENCH, chairman
CHARLES C. PARKER
J. AMEDEE PAUL

Proposals for developing your existing facilities are found in articles No.??.... to No.??.... of the school warrant. The School Board is not recommending any specific plan at this time, as it feels that the program should be developed by the District after adequate discussion in the School Meeting.

As has been customary in the past few years, any voter of the District or any parent is welcome to attend any of the monthly meetings of the School Board to discuss school problems.

JOHN A. QUIGLEY, M. D.
DOROTHEA S. CRABTREE
JOHN S. BURNHAM

SCHOOL BOARD

Hudson, New Hampshire

February 6, 1951

The past year has seen many improvements in the school system of Hudson, most outstanding of which has been the completion of Alvirne School.

In September 1950 Alvirne School was opened as a combined Junior-Senior High school. A curriculum was set up which included the traditional Junior-High and Senior-High school courses plus several modern innovations. This program included the college preparatory, commercial, general, domestic science, shop, and agricultural courses. An emphasis was placed on vocational guidance. All students participate in a physical education program. Bus transportation, as decreed by the Superior Court, is provided for all students. An outstanding faculty of well qualified teachers has been acquired, and the school is operating smoothly for its first year under the leadership of headmaster, Philip C. Putnam.

The taxpayers of the district will be relieved to learn that we are able to provide a superior and modern type of high school education at an approximate cost of \$200 per pupil, as compared to a tuition fee of \$253 in Nashua for the next school year.

The former Junior-High School has been renamed the Dr. H. O. Smith Elementary School, and houses the first three grades in seven class rooms. The hot lunch program has been set up in the former home economics rooms.

The Webster School which was extremely overcrowded in the past few years, now has five class rooms of grades 4 to 6.

The possibility of state aid for education, which has been lacking during the past two years, now seems more probable.

The marked increase in population and the increased number of school children make it necessary for the district to develop a long range plan to adequately handle the load. The board feels that the cost of new elementary school construction five or six years hence can be avoided by careful planning now. A glance at your school statistical reports will show a census of 540 pupils last year, 764 pupils this year, and an anticipated 800 pupils next year.

I feel that bringing the sixth grade students from Hudson Centre to the Webster School was a very beneficial move. Miss Parker has been able to give more individual attention this year and to do many of the little things that previously she did not have the time to do. The parents also speak well of the change as far as their sixth grade children are concerned.

Mr. Farmer conscientiously tried to make the Webster School more air-tight as inexpensively as possible. The fact that as yet we have not had to close school because it could not be heated is pretty good proof of the effectiveness of his work.

Your janitors are taking a new interest in their work and the results are beginning to show. A school building is a long term investment and a good janitor can do much toward prolonging the life of a building. Constructing a building is only one part of the picture. Maintaining a building in good repair is an essential second part.

The crisis in our world today has a very definite influence upon our schools. In the near future we are going to have to answer or have answered certain pertinent questions. What part shall our schools play in the National Emergency? Can we "keep school as usual" or must we make some radical changes in our offerings and in our routine? Will schools have any priority on supplies and equipment? What about our teacher replacement problem? The answers to many of our questions will not come at once, but a definite pattern is beginning to take shape.

The high school will probably be affected the most. There seems to be a growing sentiment for acceleration of the high school program so that the boys will be able to graduate in three or three and one-half years rather than the traditional four years. At the same time, pressure is being exerted to make the physical education program more completely a part of the curriculum and to include required intensive courses in first aid, civics and other subjects closely allied to the nature of the present emergency. A steering committee on the reorganization of the secondary curriculum, of which I am a member, has set up no less than five sub-committees on immediate needs of the secondary schools. The results of the work of these committees will be available very shortly.

THE SUPERINTENDENT OF SCHOOLS

To the Hudson School Board:

I herewith submit my second annual report on your schools.

This year has been highlighted by several significant developments. Chief among them might be listed the following: (1) Holding the majority of our better teachers and hiring excellent replacements and new members to our faculty. (2) Changing from a so-called 6-3 system to a 3-3-6 system of grade placement by buildings. (3) Launching into a new high school program. (4) Alleviating crowded conditions at the Hudson Centre School. (5) A new interest in maintaining our buildings by the custodial workers and (6) Making the Webster School warmer.

We can well be proud of the calibre of the teachers we now have. They are very cooperative, efficient and professionally minded. One would have to go a long way to find a group of people more conscious of the needs, strengths and weaknesses of each individual child. Two-thirds of the faculty members have participated in advanced study during the last year. We have lost only one teacher that we would have liked to keep on our staff because of better working conditions. The task of hiring a completely new staff for the new high school was tremendous and the board should feel pleased with the choices made.

There has been a very noticeable change in the atmosphere at the Webster School and at the Dr. H. O. Smith School. This is partly due to the fact that the children are now divided into grades 1-3 at the Dr. H. O. Smith School and grades 4-6 at the Webster School. This allows the rules and regulations to apply to the social maturity of these two age groups tending to foster more self-control and self-discipline. It is also due in a large part to the fine work the two principals, Mrs. Helen M. Parker and Mrs. Cecilia P. Fitzgerald, are doing to obtain the whole hearted cooperation of teachers and pupils.

For its first year, the new high school is making very good progress under principal, Philip C. Putnam. The staff has worked very conscientiously and many phases of the program are ahead of expectations. There is still much to be done before we realize all our goals. The cooperation and understanding of the majority of the parents has been excellent.

The elementary school curriculum will be less affected. Undoubtedly there will be some shift in emphasis in the social studies field where more stress will be placed on citizenship habits and current events and less on history and geography. The teaching of American History, to make us more aware of our wonderful heritage, should be more effective, however.

A serious shortage of teachers is predicted that will be more critical than any we have yet seen. Serious consideration must be given to the problem of keeping our teachers' salaries at a high enough level so that the better teachers will not again leave the profession to enter industry because of monetary reasons.

The cooperation I have received from parents, teachers, friends of the school and the school board this past year has been very gratifying to me. It is only when we all work as a team that the fullest possible benefits can be realized for our schools.

Respectfully submitted,

HENRY J. HASTINGS

Superintendent of Schools

ALVIRNE SCHOOL PRINCIPAL

It is a pleasure for me to make this report to you, as the first principal of Alvirne High School—a school which has been planned for during so many months and is now a reality. Due to shortages of materials during the summer and early fall, the first few weeks of school were carried on under extreme difficulties. Painting in classrooms, assembling lockers in the hallways, bulldozing the outside grounds, hammering blackboards into walls, installing plumbing fixtures, sanding the gym and stage floors made classwork well nigh impossible. But by the time the official dedication was held, November 12, most of the larger jobs were finished. The dedication ceremonies were most inspiring, being attended by over one thousand people during the day. Soon after that, lights and baskets were installed in the gymnasium under the able direction of the custodian, Ernest LaFlamme, and lights and a cyclorama put up on the stage, as well as a beautiful maroon curtain. The outside landscaping will be finished when spring weather comes, but there are still no bleachers for the gym or no lockers in the locker rooms, nor enough storage space for athletic equipment.

Facilities for serving hot lunches are adequate, considerable government surplus food has been received, and Mrs. Clark and Mrs. Bailey, with the assistance of a number of student helpers and Mr. Stevens, the faculty cafeteria manager, are serving wholesome, appetizing meals. All students eat their lunches in the cafeteria, whether it be hot or cold lunch. Mr. LaFlamme decided to return to construction work so on January 1st, Mr. "Ally" Latour became our custodian and has been most cooperative and efficient.

Due to a much larger enrollment than had been anticipated, all ten classrooms are now used as home rooms, or headquarters rooms for class groups. Opening exercises and announcements are made in these rooms every morning and students return to their home rooms for dismissal in the afternoon. There are two homerooms each for seventh, eighth, ninth, and tenth grades and one each for Juniors and Seniors. Next year, an additional home room will be needed to take care of the large seventh grade group.

Student participation in determining school policies and planning school projects has been encouraged. The Student Council, with representation from each class, has sponsored several school parties, planned and put on a number of student assembly programs, and has reflected student opinion and reaction to school situations. Group and committee work on units and projects of particular interest to the students has been carried on in many classes. A school-wide integrated unit on Atomic Energy, one on Conservation, and one on "Choosing a Career" have served to draw students and teachers of all grades into closer touch with what each is doing. Field trips to Boston Municipal Airport, the Somerville Ford Assembly Plant, and the Textron Co. have supplemented textbook and class material. Considerable use has been made of film strips and sound films in many different fields.

Sports and the physical education program got a slow start because of conditions both outside and inside the building, and the outlook for interscholastic sports probably will not be too encouraging during the next year or two. Intermural basketball and volleyball for both boys and girls has given any student who wishes to participate the chance to play with a team. The boys' varsity cross country team entered three meets and gave a good account of themselves. Varsity basketball was not as fortunate due to inexperienced players and stiff competition. The spirit of the entire student body during a season when eighteen scheduled games were lost has been remarkably fine. One Play Day for girls was held during the winter where over one hundred girls from Milford, Woodbury High and Alvirne participated. The proposed athletic field will not be finished for some time, thereby curtailing all outside sports, and there is a need for more gym equipment for inside physical education.

Our woodworking shop has been equipped with some new and used machinery and includes those tools which are standard for school shops. Many individual and teacher-requested projects have been finished as well as several major school projects. Under Mr. Burnell's direction, the auto shop and woodworking students have rebuilt the woodworking benches, put up tool cupboards, built an engine crane, tables and stands for motors and lathes, and have set up several automobile displays. The Agriculture course includes more than twenty boys, who not only study textbooks on phases of farming but see theory put into practice on the school farm. At present there are cows, chickens, sheep, pigs, rabbits and bees housed in the barn and outbuildings. Forestry, fruit, and vegetable garden projects will also be undertaken this spring. The Diversified Occupations course offers Junior and Senior students a chance to work and go to school at the same time, and has averaged about ten pupils thus far.

All of the other departments at Alvirne are expanding in their scope and have shown a great deal of progress thus far. Seventh graders attend a daily double period of "Core," which is English combined with History and Geography. All seventh and eighth grade girls spend some time in Home Economics classes, boys in wood-working shop, and both boys and girls receive instruction in Fine Arts, which includes both Art and Music. There is a regular college preparatory course with English, Social Studies, Mathematics, Science, and Foreign Language offerings. Our Commercial Department includes classes in first and second year Typing, Bookkeeping, Shorthand and Office Practice. Sophomores are given a course called "Everyday Problems" which helps them to prepare for the problems of living when their high school days are over. Mrs. Dorothy Leggett, who replaced Mrs. Scott when she was unable to continue teaching on account of her health, has given her students an opportunity to work with many different media in Art and they have produced some fine work.

Special reading classes have been organized to assist students with their reading problems. The Guidance Department has administered tests of many kinds, initiated parent conferences about student problems, and helped pupils in obtaining information about occupations and professions for which they are suited. Chorus, Dramatic Club, Future Farmers of America, a school newspaper, and debating clubs have been organized. All the books in the library have been catalogued and prepared for use under the direction of Miss Timson, with the willing assistance of a good many members of the Parent Teachers Association. Weekly teachers' meetings have been held for discussion of common problems and the improvement of instruction.

Teachers and pupils have shown a fine spirit of cooperation throughout the year and are constantly working to make Alvirne High School a better school. A great many parents have taken the opportunity to visit classes or attend assembly programs and we hope that many more will find it possible to come up and see what is being done. We cordially invite you to visit school at any time.

PHILIP C. PUTNAM

Scroll Presented to Mrs. Jessie Norwell Hills

By these presents be it known, that in grateful recognition of the unstinted and invaluable service rendered by Mrs. Jessie Norwell Hills in helping to make possible the fulfillment of the wishes of Dr. Alfred K. Hills and Mrs. Mary F. Creutzborg, in Alvirne School, The School District of Hudson presents this token of appreciation to Mrs. Jessie Norwell Hills.

Be it known that this token is given in order that all may know of the high regard in which we, the people of the School District of Hudson, hold her, and as evidence of our appreciation for her loyal, faithful and unselfish efforts in our behalf.

In accord with the vote taken at the special School District meeting held September 18, 1947.

SCHOOL NURSE

Superintendent, School Board Members and Citizens of Hudson, presented is the health program throughout the year.

Examinations and periodic inspections are as follows:

Number of pupils examined	793
Number of pupils showing dental defects	186
Number of pupils showing orthopedic defects	5
Number of pupils showing tonsil defects	63
Number of pupils showing cardiac	5
Number of pupils showing hearing loss	5
Number of pupils showing visual defects	38
Number of pupils showing speech defects	6

Athletic participants Seventh and First Grades are physically examined by Dr. Quigley.

Considering the number of pupils enrolled, physical findings and illnesses are very low.

In June a preschool clinic was held for those entering first grade. This was fairly well attended. We hope to have this 100% attendance next June.

Pupils needing it are taken to the Community Council Guidance and Speech Clinic weekly.

Contributions so generously given by local organizations have kept the nutritional fund alive, this being helpful to needy children.

Pupils with the help of their teachers generously contributed toward the Christmas dinners distributed by the Lions Club.

The fine cooperation of teachers and parents is the helpful factor in promoting a health program and is greatly appreciated.

Respectfully submitted,

HELEN J. HOUSE, R. N.

School Nurse

R E P O R T
of an audit and examination
of the accounts
of the
HUDSON SCHOOL DISTRICT
for the fiscal year ended June 30, 1950
made by
THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
August 29, 1950

August 29, 1950

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Hudson School District for the fiscal year ended June 30, 1950 and found them to be in good order. In our opinion the Exhibits presented herewith reflect the true financial condition of the School District, together with the results of operations for the fiscal year ended June 30, 1950.

Respectfully submitted,

HAROLD G. FOWLER

Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

John T. Flanders)
